Brighton at 3.10 "

Arrive at Salt Lake City 3.30 "

Fare to Black Rock, Garfield or Lake Point and return same day, \$1.25; children under 15 years of age 65c. No freight received after 4 p.m.

W. W. RITER, Supt.

The King of the Body is the brain; the stomach its main support; the nerves its messengers; the bowels, the kidneys and the liver its safeguards. Indigestion creates a violent revolt among these allies of the regular organ, and to bring them back to their duty, there is nothing like the regulating, purifying, invigorating, cooling operation of Tarrant's Seltzer Water. It renovates the system and restores to health both the body and the mind.

SOLD BY ALL DRUGGISTS.

MINING NOTES.

The excitement in and about Copper Gulch is unabated, and the whole country is located by excited prospectors.

The Ontario will pay its seventy-ninth monthly dividend of 50c. per share on Monday next, aggregating \$75,000. Total to date, \$4,325,000.

When will the owners of the Fairview resume work on their property? Their present inactivity is an imposition on the stockholders.

Pinyon Hill looks deserted, as there are but few men at work on any of the claims. Most of the miners are shoveling snow, and that is about all that is going on.

A vein has been struck in the Hidden Treasure, on Pinyon Hill, owned principally by Captain John Hughes, but as yet no ore has been found. There is some very good looking vein matter.

The Walker and Buckeye has a large force of men clearing a road through the snow, in order to be prepared for shipping as soon as possible. There are at present 10,000 sacks of ore awaiting shipment, which will be started as soon as the road is clear of snow.

At the Empire an immense amount of water is coming in, but the pumps are all in good shape and throwing 1,200 gallons per minute, keeping the water well under control. A small Washington pump that has heretofore done service on the 200 level, is being put in position on the 400.

Sinking the shaft on the South Horn still continues as rapidly as possible. The ore which was struck in this mine some few days since, still continues to improve as depth is attained. Superintendent Cody is a man of large experience and one of the best miners on this coast. The prospects for his striking ore in this mine are certainly very flattering, and he will undoubtedly have a second Horn Silver mine before long.

At a meeting in Chicago a few days ago of the New West Educational Association, the statement was made by one of the speakers that Prof. Newberry affirmed that "Utah must come to the front as the richest and best mining district in the country." Prof. Newberry has been in all the mining districts of the country, and his estimate of Utah is no idle talk, but comes from close investigation and scientific calculations.

The work of drifting on the 400 foot level of the Lulu still continues without interruption. This drift is now in considerably over 100 feet and is expected to cut the ledge inside of the next 100 feet if it does not pitch much deeper than it does in the Horn Silver Mine. The formation is the same trachite which was encountered in drifting from the workings aft of the Horn Silver to the various levels. Mr. Pat Ryan, a man of experience and pluck, is superintendent, and he will go on with the work until he succeeds.

We learn from the Santa Fe, N. M., Democrat, that the Golden mining district contains some of the richest mines in the Territory, and recently several large companies have been formed for the purpose of making extensive developments. One of the companies is that of Bassick, Ryan & Cullen. These gentlemen have purchased from Mr. Patrick Cullen of Golden, some very rich claims for one hundred thousand dollars. Mr. Matthew Cullen, of the company, is part owner of the celebrated Horn Silver mine in Southern Utah, and is worth several millions of dollars. The company is a strong one, and Golden is fortunate in having such enterprising men interested in the development of her mines.

PILES! PILES! PILES

A Sure Cure Found at Last! No

One Need Suffer!

A sure Cure for Blind, Bleeding, Itching and Ulcerated Piles has been discovered by Dr. William (an Indian Remedy), called Dr. William's Indian Ointment. A single box has cured the worst chronic cases of 25 or thirty years standing. No one need suffer five minutes after applying it. wonderful soothing medicine. It cures, instruments, and electrics to more harm than good. William's Ointment absorbs the tumors, allays the intense itching, (particularly at night after getting warm in bed), acts as a poultice, gives instant relief, and is prepared only for Piles, itching of the private parts, and for nothing else.

Read what the Hon. J. M. Coffinberry, of Cleveland, says about Dr. William's Indian Pile Ointment: I have used scores of Pile Cures, and it affords me pleasure to say I have never found anything which gave such immediate and permanent relief as Dr. William's Indian Ointment.

For sale by all druggists or mailed on receipt of price, \$1.00.
